

Introducing Thirdfort.

Thirdfort is an app used by your lawyer.

Lawyers are required to verify every client's identity and confirm that a property buyer's money is from a legitimate source ("Source of Funds").

Traditionally, you would have been required to provide originals or copies of your identity document and bank statements to your lawyer, which is inconvenient and slows down your transaction.

Thirdfort empowers you to share this information direct with your lawyer using the Thirdfort app, providing a safer and more convenient way to carry out these checks and speed up your transaction.

Helen Randall ▾

Absolutely brilliant customer service

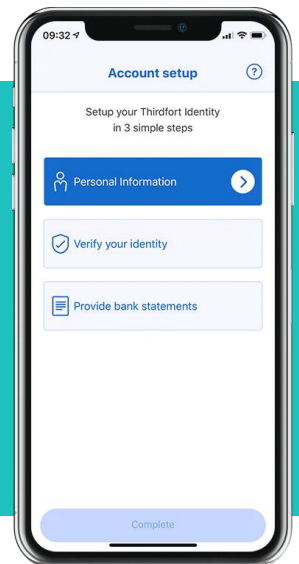

David S ▾

Bringing solicitors into the 21st century

Nimika Patel ▾

Easy and simple experience.

How to use the Thirdfort App.

1

Receive text message from Thirdfort and download app

2

Complete ID check and provide electronic bank statements

3

Upload a proof of address and any additional documents

4

If your lawyer requires, complete Source of Funds questionnaire

Why am I being asked to use Thirdfort?

Identity theft in property transactions is increasing. Providing paper documents is unsafe and time consuming. Thirdfort ensures your transaction is:

Secure

Sharing information through our app is more secure than providing paper documents

Convenient

No documents means you can use Thirdfort from the comfort of your own home

Fast

Using Thirdfort takes minutes meaning there are no delays to your transaction
